PROFESSIONAL SUMMARY

Motivated final-year B.Tech Agricultural Engineering student at Centurion University of Technology and Management (CUTM), Odisha. Practical exposure to farm machinery, tractor systems, CAD design, and engineering analysis (ANSYS). Experienced in CATIA V5, 3DEXPERIENCE, and Python.

EDUCATION

Bachelor of Technology (B.Tech) in Agricultural Engineering - Final Year (CGPA: 8.61)

Centurion University of Technology and Management (CUTM), Odisha, India (Expected 2027)

INTERNSHIP EXPERIENCE

1. Agricultural Engineering Intern - CFMTTI, Budni, Madhya Pradesh (2026)

- Studied tractor systems: engine, transmission, hydraulics, PTO, steering, and braking.
- Assisted in tractor testing, inspection, preventive maintenance, and operational evaluations.

2. Agricultural Engineering Intern - ICAR-IISWC, Dehradun, Uttarakhand (2025)

- Studied soil and water conservation engineering, watershed management, and field surveys.

FEATURED PROJECTS

- * Smart Greenhouse Automation System (Arduino, IoT, Sensors)
- * Automatic Lawn Mower (Mechanical Design, Electric Drive, Farm Machinery)
- * Tractor Component Design and Assembly using CATIA V5 (3D Modelling, FEA)

TECHNICAL SKILLS

CAD & Design: CATIA V5, Part Design, Assembly Design, 3DEXPERIENCE, 3D Modelling

Simulation: ANSYS Workbench, FEA, Structural Analysis, Meshing, Stress Analysis

Ag Engineering: Farm Machinery, Mechanization, Tractor Systems, Micro Irrigation

AgTech & Programming: Agricultural Drones, Precision Ag, IoT, Python, Arduino

LEADERSHIP & CERTIFICATIONS

College Secretary (CUTM) | Member - All India Agricultural Students Association (AIASA)

Certifications: CATIA V5, Python Programming, NPTEL Micro Irrigation, ICAR & CFMTTI
